SUMMARY

B.Pharm student with strong academic knowledge in pharmacology, pharmacovigilance, QA/QC concepts, drug safety, formulation development, and regulatory awareness. Skilled in documentation, analytical thinking, data handling, and communication with exposure to pharmaceutical research and clinical concepts. Seeking entry-level opportunities in pharmacovigilance, QA/QC, clinical research, and pharmaceutical operations.

EDUCATION

Bachelor of Pharmacy (B.Pharm) | KVN Naik Institute of Pharmaceutical Education & Research, Nashik
Jun 2022 - Jun 2026 · Nashik, India

SKILLS

- **Pharmaceutical & Regulatory:** Pharmacovigilance, ADR Reporting, Drug Safety, QA/QC Basics, Clinical Research, GMP, Regulatory Compliance, MedDRA Awareness, Data Validation, Formulation Development, Pharmaceutical Excipients
- **Technical:** MS Excel, MS Word, PowerPoint, Report Writing, Internet Research, ChemDraw (Basic)
- **Professional:** Analytical Thinking, Attention to Detail, Documentation, Communication, Team Collaboration, Problem Solving, Adaptability

PROJECTS

Analytical Challenges in the Development of Herbal Drugs

- Studied formulation challenges, excipient compatibility, and stability considerations in herbal drug development.
- Performed literature review and analysis of quality parameters involved in herbal formulations.

Formulation & Evaluation of Herbal Gel-to-Foam Cleanser for Acne Management

- Developed and evaluated herbal gel-to-foam cleanser using suitable excipients and formulation techniques.
- Performed evaluation tests including pH, viscosity, spreadability, foamability, and stability studies.

Formulation & Evaluation of Caffeine-Based Periorbital Gel for Dark Circles, Co-participant | Co-participant

- Participated in formulation development of caffeine-based under-eye gel for dark circles and puffiness.
- Conducted evaluation studies including pH determination, viscosity, spreadability, and homogeneity testing.

PUBLICATIONS

Advances in Chemistry of Prodrug for Enhanced Drug Delivery | IJARSEM | Feb 2025

- Co-author: Advances in Chemistry of Prodrug for Enhanced Drug Delivery (IJARSEM, Feb 2025).

CERTIFICATIONS

Pharmacotherapy: Nervous, Sensory & Genitourinary Systems

- Completed certificate on "Pharmacology: Nervous, Sensory & Genitourinary Systems."

Introduction to Epilepsy Awareness

- Completed certificate of "Introduction to Epilepsy Awareness."

Dysphagia Awareness Training

- Completed course of "Dysphagia Awareness Training Programme"

Mental Health Studies: Understanding Behaviour, Burnout and Depression

- Also studied "Mental Health Studies: Understanding Behavior, Burnout and Depression"

Coronavirus: What You Need to Know

- Completed Certification on "Coronavirus: What You Need to Know".

Entrepreneurship Awareness Program, Tata STRIVE | Tata STRIVE | Apr 2026

- Completed Entrepreneurship Awareness Program by Tata STRIVE | April 2026.

Nationwide Tech Webinar, Techmind Spark Innovations | Techmind Spark Innovations

- Participated in Nationwide Tech Webinar conducted by Techmind Spark Innovations.

5 Ongoing Certification Courses in Pharmacovigilance, Clinical Research & Pharma Domains

- 5 Ongoing Certification Courses in Pharmacovigilance, Clinical Research & Pharma Domains will be completed soon

RESEARCH & ACADEMIC EXPOSURE

Co-author: Advances in Chemistry of Prodrug for Enhanced Drug Delivery (IJARSEM).

Feb 2025

Attended International conference on "Drug Discovery and Development: From Concept to Commercialization".

Feb 2025

Attended KVN Student Summit: Vision to Venture.

Feb 2026

Appeared for GPAT Examination | Score: 92

Participated in National Webinar on "IVIVC Biowaivers, Quality Aspects and Assurance: Bridging Science, Safety and Compliance"

Apr 2025

ADDITIONAL INFORMATION

Interested in pharmacovigilance, QA/QC, clinical research, and pharmaceutical operations roles | Quick learner | Adaptable | Ready to relocate | Willing to work in collaborative and rotational work environments
